ART: COLLECTING + ONLINE SALES DECEMBER 5, 2013, MIAMI 3:30PM - 5:30PM

Skate's Art Market Research, galleryintell and Russian Pavilion present International Art Industry Forum, Miami.

Selling Art Online remains a fascinating subject in today's art world conversation.

Questions to be addressed include: How has the online art market changed over the years, and what is it going to look like moving forward? Is the online space suitable only for lower-priced works, or there is an opportunity for big-ticket sales? How are issues of authenticity addressed in the online market place? Are online art sales a global phenomenon, or are there markets that are more suitable for selling art online? What kind of a collector is more interested in buying art online, and what mediums are more popular on such platforms? What trends can we expect to see in 2014?
